

CARR - 761

1623 WASHINGTON ROAD

late 19th century

Westminster vicinity

private

1623 Washington Road is shown on the 1877 map as the John Buckingham residence. As it is not shown on the 1862 map, it was probably built between those years. It is a regional style farmhouse with an L-shaped plan and double-tiered porch on the ell. A late nineteenth century feature is the tall windows on the first story. The exterior is covered in stucco, which was probably done in the early twentieth century.
